

MON 31.03.

Hannover Stand Hall 16/ F09

- 10:00 – 10:30 “The innovator’s toolbox: Skills employees need to drive innovation”**
by Tobias Gebauer, Business Development & Innovation Manager for Education & Training of EIT Manufacturing
- 10:30 – 11:00 “Connectivity between OT and IT”**
by Bernd Ochsmann, CTO of AERASEC
- 11:00 – 11:30 “How to eliminate downtime: plug-and-play factory intelligence that works”**
by Dimitrij Lewin, Co-Founder of Novo AI
- 11:30 – 12:00 “The future of non-destructive testing: integrating acoustic resonance and AI into Industry 4.0”**
by Felix Wassmann, Co-Founder and CEO of RESONIKS
- 12:00 – 13:30 Lunch break**
- 13:30 – 14:00 “Automating workforce excellence? AI-generated training & qualification management”**
by Dr. Elisa Roth, CEO of Augmented Industries
- 14:00 – 14:30 “Navigating NIS-2: cybersecurity compliance made simple”**
by Matthias Leu, CEO AERASEC
- 14:30 – 15:00 “Implementing AI analytics in manufacturing: a practical approach to optimizing production”**
by Ann LoCicero, CEO of smartFAB
- 15:00 – 15:30 “From reactive to proactive: Enhancing security and visibility with strategic OT/IoT security measures”**
by Frédéric Auburger, Manager OT-Security at Ernst&Young
- 15:30 – 16:00 “How Enterprise 5G is Revolutionising Modern Manufacturing”**
by Thomas Hörschele, CEO at CampusGenius

LET'S GET
INSPIRED

TUE 01.04.

Hannover Stand Hall 16/ F09

- 10:00 – 10:30 “The future of non-destructive testing: integrating acoustic resonance and AI into Industry 4.0”**
by Felix Wassmann, Co-Founder and CEO of RESONIKS
- 10:30 – 11:00 “Navigating NIS-2: cybersecurity compliance made simple”**
by Matthias Leu, CEO AERASEC
- 11:00 – 11:30 “The role of co-operation between regional and pan-european ecosystems”**
by Peter Eisenschmidt, Director of Internationalization of hannoverimpuls
- 11:30 – 12:00 “Implementing AI analytics in manufacturing: a practical approach to optimizing production”**
by Ann LoCicero, CEO of smartFAB
- 12:00 – 13:30 Lunch break**
- 13:30 – 14:00 “How to eliminate downtime: plug-and-play factory intelligence that works”**
by Hemanth Mandapati, Co-Founder of Novo AI
- 14:00 – 14:30 “Connectivity between OT and IT”**
by Bernd Ochsmann, CTO of AERASEC
- 14:30 – 15:00 “From reactive to proactive: Enhancing security and visibility with strategic OT/IoT security measures”**
by Thomas Klotz, Manager OT-Security at Ernst&Young
- 15:00 – 15:30 “Automating workforce excellence? AI-generated training & qualification management”**
by Dr. Elisa Roth, CEO of Augmented Industries
- 15:30 – 16:00 “Benefits and added values for participants in manufacturing data ecosystems”**
by Wolfgang Kniejski, Senior Project Manager of EIT Manufacturing working on EUProGigant

WED 02.04.

Hannover Stand Hall 16/ F09

- 10:00 – 10:30** **“Never manually deburr again? The revolution of plasma electrolytic surface”**
by Vincent Stepputat, CEO of plasmotion
- 10:30 – 11:00** **“INLEAP® FASTLIGHT® - the future of laser-based manufacturing”**
by Dr.-Ing. Marius Lammers, Founder and CEO of INLEAP Photonics GmbH
- 11:00 – 11:30** **“Nanometer-thin layers by additive manufacturing: First-of-a-kind inkjet-printed optical filters”**
by Dr. Qihao Jin, CTO at Prio Optics GmbH
- 11:30 – 12:00** **“Ultralight high frequency components for aerospace”**
by Dr. Arshad Mehmood, Co-founder/CTO of Metalonn
- 12:00 – 13:30** **Lunch break**
- 13:30 – 14:00** **“Hallo, ich bin KIM, wie kann ich helfen?“ – Wie Voicebots den Customer Service verändern** mit René Schibol, Geschäftsleitung und Vertrieb, T.D.M. Telefon-Direkt-Marketing GmbH
- 14:00 – 14:30** **“Empowering the next generation of manufacturing startups: showcasing the EIT Manufacturing Venture Building Programme 2025”**
by Dr. Sascha Schwarz, CTO of TUM Venture Labs
- 14:30 – 15:00** **“Applications of large-scale metal additive manufacturing”**
by Mehmet Emre Çetinkaya, Founder/CEO of Alloy Additive
- 15:00 – 15:30** **“Next-gen diamond-like carbon coatings for diverse applications”**
by Hagen Grüttner, CEO of ANTACON GmbH
- 15:30 – 16:00** **“Product Mining”**
by Ephraim Triemer, Shareholder & Advisor Enterprise Accounts of Soley GmbH

THU 03.04.

Hannover Stand Hall 16/ F09

10:00 – 10:30 “Next-gen diamond-like carbon coatings for diverse applications”
by Hagen Grüttner, CEO of ANTACON GmbH

10:30 – 11:30 Hannover International Business Services (HIBS)

11:30 – 12:00 Innoboost

12:00 – 13:30 Lunch break

13:30 – 14:00 “Applications of large-scale metal additive manufacturing”
by Mehmet Emre Çetinkaya, Founder/CEO of Alloy Additive

14:00 – 14:30 “Never manually deburr again? The revolution of plasma electrolytic surface”
by Vincent Stepputat, CEO of plasmotion

14:30 – 15:00 “From lab to market: how corporates can fuel deep tech innovation”
by Negar Shamoradi, Senior Project Manager of TUM Venture Labs

15:00 – 15:30 “Ultralight high frequency components for aerospace”
by Dr. Arshad Mehmood, Co-founder/CTO of Metalonn

15:30 – 16:00 “Quality 4.0: How AI agents are revolutionizing manufacturing”
by Frederik Frei, CEO of CERPRO

FRI 04.04.

Hannover Stand Hall 16/ F09

- 10:00 – 10:30 “Next-gen diamond-like carbon coatings for diverse applications”**
by Hagen Grüttner, CEO of ANTACON GmbH
- 10:30 – 11:00 “Saving the World with New Materials – Powered by Digital R&D and AI”**
by Daniel Vorwerk & Anton Fuchs, Sales Manager at ExoMatter
- 11:00 – 11:30 “Tying up loose ends: how additive manufacturing merges sustainability and material innovation”**
by Nick Marlon Loth, TUM Venture Labs
- 11:30 – 12:00 “Never manually deburr again? The revolution of plasma electrolytic surface”**
by Vincent Stepputat, CEO of plasmotion
- 12:00 – 13:30 Lunch break**
- 13:30 – 14:00 Firecell presentation**
by Nicole Jezabek, Head of Sales Germany of Firecell
- 14:00 - 14:30 “Applications of large-scale metal additive manufacturing”**
by Mehmet Emre Çetinkaya, Founder/CEO at Alloy Additive
- 14:30 – 15:00 “How to drive Innovation Projects with EIT Manufacturing Funded Calls”**
by Robert Ermisch, EIT Manufacturing
- 15:00 – 15:30 TBD**
